

CERTIFICATION PROGRAM IN FACILITY MANAGEMENT

**“CHANGE YOUR THOUGHTS WITH
IREU EDUCATION AND YOU WILL
CHANGE YOUR WORLD”**

OVERVIEW OF INDIAN FACILITY MANAGEMENT INDUSTRY

The Facility Management market in India is being driven by rapid population growth in the country. The increasing modernisation, as well as urbanisation, is also favouring the market growth.

The increased demand from multinational companies is boosting the industry growth in India.

In 2020, the Indian Facility Management market attained a value of nearly USD 150

billion. The market is projected to grow at a CAGR of 20% between 2021 and 2026. The market is estimated to witness healthy growth in the forecast period of 2021-2026 to reach about USD 406 billion by 2026.

Facilities management is a demanding profession with better career growth and this profession requires a diverse set of skills to be successful.

ABOUT IREU TECH EDUCATION

IREU Education offers specialized industry needed courses with in-depth practical knowledge, industry experience and skill-sets to Professionals, Students and Learners through either classroom or live and interactive sessions.

The program content is designed by a team of Facility Management experts and academic-research professors to include all advanced technologies that are very much in need.

The IREU focuses on imparting knowledge of technical, leadership, entrepreneurship and managerial skills to its students and grooming them towards becoming Facility Management professionals, managers, leaders and entrepreneurs.

CERTIFICATION IN FACILITY MANAGEMENT
